

My wife was an avid quilter who has succumbed to cancer. I am liquidating her Bernina machines, sewing machine and cutting tables, rulers, hoops, mats as well as toy sewing machine collection, pin cushion collection, thread, batting, fabric and incidentals. She quilted for 40 years in NJ and FL and has won many ribbons at shows. I miss our fabric hunting trips to the Amish outlets in Lancaster County, PA.

File#1 is a Bernina 440QE machine (just serviced) with many attachments including a BSR Stitch Regulator. With carrying case. \$3200 in 2006, Price with service last month is \$700
