

Juki Haruka TL-18QVP

\$1000 or best offer

Contact: Susan at 352-789-4490

Email: sacsboxtops@yahoo.com

Features:

- Presser foot: Floats 0 to 2mm above the material, which is useful for sewing over thick seams
- Attachment mounting plate: Allows you to install fabric guides and other attachments
- Light brightness: Adjustable between high, medium, low, and off
- Sewing speed: Adjustable from 200 to 1500 SPM
- Thread trimming: Trim the needle and bobbin threads with the push of a button or foot pedal activation
- Sub-tension: Ensures stitches are sewn with a balanced thread tension
- Why it's good for: Quilting, Velvet, and Knit fabrics.
