

Lake Hills School

Charity #418

Lake Hills Elementary School cares for severely medically handicapped children including down syndrome and autistic children. Many of the families are low income. The school buses do not provide enough warmth during the winter months.

The charity needs are as follows:

Clothing protectors preferably with a terry cloth backing for absorbency, although flannel and cotton is acceptable.

Lap quilts and wheelchair quilts are needed in size 30 by 40 inches.

QGOTV point of contact is Lori McClintock.
